

Every time I get in my car or am cleaning around my apartment, I tune my radio to K-LOVE. I look forward to the upbeat music and the positive messages that always accompany this broadcast. Now, I am hearing that there is a new resolution whereby K-LOVE could be displaced by a Low Power FM station. How disheartening! This country and my community need the beneficial, hopeful encouragement that K-LOVE brings. To displace K-LOVE would leave a HUGE hole in the quality, family-friendly listening available in my area. K-LOVE provides messages of hope and an outreach of caring wherever they are heard. I have the assurance that no matter where I travel in the U.S., I can pretty much always find K-LOVE. What a wonderful thing! Please do not take that away. It would be a great disservice.
